Kiviat of America and Baker of England, were so close for second place that the judges withheld their decision until photographs of the finish could be developed. After inspecting the photographs, the judges placed Kiviat of America, second, and Baker of America, third.

She asks \$300 a month alimony from Chester A. Bell, who she says owns a ranch near Los Angeles, has money on deposit here and receives \$10,000 a year from theatrical rights. The fact that Mrs. Bell ran a polite poker game for women in a fashionable street became public when her husband filed his suit. She does not deny it.

A large acreage of alfalfa is now available for pasturage, and after the corn crop has been harvested there will be about 100,000 acres of barley pasture for the winter.

U. S. SEEKS TO REGAIN LAND

Will Sue S. P. to Recover 100,-
000 Acres Oil Land Valued
at Eight Millions

SAN FRANCISCO, July 10.—Government officials connected with the federal attorney general's office declared today that suits are to be filed within a month in the federal district courts of Los Angeles and San Francisco for the recovery of oil and other mineral lands aggregating 100,000 acres, valued at \$800,000,000, held by the Southern Pacific Railway Company. The holdings extend from Coalings to the Sunset district. The railroad company will resist on the ground that the statute of limitations has expired, and therefore the grants of 1868, under which the lands are held, cannot be circumvented.

The government will argue that the statute of limitations does not apply, on the theory that the reserve clause prohibited the granting of oil lands in 1868, and that this land did not pass to the railroad. The lands to be attacked are a portion of a 4,948,000 acre grant as a bonus for railroad construction.

HOT WEATHER DELAYS BUSINESS OF CONGRESS

Lorimer Case Halted by Absence of
Solons—Smith of Arizona Looks
For Near Mexican Crisis

WASHINGTON, July 10.—The hot weather, the lure of a ball game and other affairs made the transaction of business almost impossible in the House today. Six committees were compelled to adjourn because of lack of a quorum. Leaders have issued flat commands that congressmen must report for duty if they expect to adjourn in August.

LORIMER CASE DELAYED
BY ABSENCE OF SOLONS
When the Senate met this morning William Lorimer was prepared to make a two days' speech in his own defense. He had no manuscript, but his desk was littered with documents for immediate use. The galleries were crowded when the chair asked if the leaders on either side desired to debate the case, but neither Kenyon nor Lea, the anti-Lorimer leaders, was present. Lorimer did not speak, and it appeared for a moment as though a vote was imminent. It developed later that several senators still desired to speak. This, it was expected, will delay the opening of the Lorimer speech until late this afternoon.

Jones of Washington spoke for thing like it. Everywhere I called up, men quit their work and got in their automobiles and joined in the search. John Kellenberger is a brave and able officer, and a first-class man in every way, and that he should be shot down as he was brought everybody to his feet. I want to thank them for their assistance. C. E. RUDDOCK.

ANGEL "POPPY PICKERS"
ENLIVEN ELKS' MEETING
PORTLAND, July 10.—With the Poppy Pickers' drill team and band ahead and seventy other Elks in close procession, the Los Angeles crowd serpentine through the principal hotels last evening, creating a diversion, even amid the excitement of the convention.

Last evening the Poppy Pickers, orange belt and San Joaquin Valley excursionists scattered along several miles of route to watch the electrical parade. Today many Los Angeles took the Columbia River journey to the Dalles, Oregon, but will return for the annual grand lodge parade Thursday morning.

The San Joaquin Valley bunch from Fresno, Merced, Stockton, Bakersfield, Hanford and other towns distributed raisins and wine from the Hotel Portland.

velt Electors Now Named

TAFTITES DEBATE WHETHER TO TRY AND OUST T. R. ELECT- ORS OR RUN AS INDEPENDENTS

WASHINGTON, July 10.—Hilles held a series of conferences to determine whether it is better to attempt to oust the Roosevelt electors already nominated in various states, or run Taft electors as independents. President Taft participated in the conference. The situation was discussed in detail, but no decision was announced.

CAMPAIGN FORMALLY OPENED BY TAFTITES

WASHINGTON, July 10.—President Taft's re-election campaign was formally opened today when James D. Reynolds, the new secretary of the Republican National committee, started for New York to open temporary headquarters. Charles D. Hilles, who resigns next Saturday as secretary to the President, goes to New York on Monday.

It was rumored today that Gus Karger, the Taft publicity agent, would succeed Hilles as secretary. Hilles intimated that little campaigning would be done until the National committee meets on July 19 to elect a treasurer, executive and advisory committees. Taft is planning to receive the formal notification of his nomination here. After this, his formal speech of acceptance will sound the Republican campaign keynote.

CHINESE PUSHING STEAMSHIP PLAN

Chinese-American League is
Sending Men to Mexico in
Interests of Proposed Line

LOS ANGELES, July 10.—The Chinese-American League of Justice, at a meeting in Chinatown yesterday, voted to defray the expenses of two men to visit Mexico and South America in the interests of the proposed Los Angeles-Hong Kong steamship line, and to ascertain the possibilities of commerce with the two southern countries; also to investigate the prospects for a coastwise line from Guaymas, Mexico, or Rio Janeiro, to Seattle, connecting with the Hong Kong line at Los Angeles. Goon Lee, coast representative of the Los Angeles organizations which are backing the proposed steamship line, left for Guaymas, via San Francisco, yesterday. A letter from the Chinese Mercantile Agency, at Guaymas, was received and read at the meeting yesterday, stating that the Chinese there will contribute a substantial sum toward the project if assured of a coastwise line and connections. A committee was named yesterday to report on the matter of railway terminal connections, to handle inland business, and it is believed negotiations will be entered into with the Santa Fe or Salt Lake roads within the next week.

WANT IT HELD IN NOVEMBER

The County School Authorities
 Submit List of School Dates
 For the Coming Year

The county board of education and County Superintendent of Schools Mitchell are expecting that the teachers' institute will be held this year early in November instead of December. The matter has not been finally settled, as the dates depend somewhat upon the dates that will be selected by the Southern California Teachers' Association, with which the Orange County teachers generally meet for three days directly after the institute in this county.

County Superintendent Mitchell has mailed to the various clerks of the school board of the county schools a proposed schedule of dates for the 1912-1913 school year. The dates are merely advisory, but it is best that all the school follow them in order to avoid confusion in the management of the schools. The dates suggested are:

Opening of schools, September 16;
 Christmas vacation, December 23, 1912, to January 6, 1913; spring vacation, April 7 to April 14; closing of schools, June 16, 1913.

The county school board is busy at present with the preparation of lists of supplemental examples for use in arithmetic classes over the county. These examples will be used in the class-work, and are designed to thoroughly test the understanding of the pupils in the subjects studied in arithmetic.

BEAN GROWERS HOLD MEETING

Association Elected Officers
 For Handling Business of
 the Organization

OXNARD, July 10.—General discussion among stockholders and directors on the method of procedure, adopted a couple of months ago by the association, reports, plans, resolutions and the election of a board of directors and officers for the ensuing year were the matters to come before stockholders of the Lima Bean Growers' Association at their annual meeting yesterday. About 100 growers from all parts of the South were in attendance.

The directors elected for the ensuing year were: Charles Donlon, A. Camarillo, T. G. Gabbert, F. A. Snyder, Roger Edwards, Dan Sheldon, George C. Powers, Charles Maddox, H. B. Charnock, Joe McGrath and J. F. Lewis. Following the meeting the directors met and elected as their officers: Charles Donlon, president; F. A. Snyder, secretary; D. F. Sheldon, treasurer, and T. G. Gabbert and A. Camarillo, vice presidents.

The meeting was called by Charles Donlon, president since the association's organization. Reports on activities, particularly regarding the new method of carrying on the business of the association, as recently adopted, were made by George M. Farrand, who answered questions of many growers, and ex-Senator Thomas Bard, who framed up the new business methods.

Roger Edwards, former treasurer, made a report which showed financial conditions to be excellent. Resolutions of thanks were given Mr. Bard for drawing up the new plan, to the University of California for helping in the fight against pests, and the Board of Prison Directors for their action in manufacturing sugar sacks at a great reduction in cost.

The recent activities toward clearing the association of trust intimidations were slightly referred to.

CANAL EARTH SLIDE CAUSES A BIG DELAY

Culebra Cut May Be Flooded as a Result of Slide—Year's Work to Clear Up

COLON, July 10.—Another earth slide in the Culebra cut of the Panama Canal is causing the authorities considerable anxiety. The engineers who have surveyed the moving mass admit that the cut may be flooded as a result of the slide, indefinitely delaying the completion of the canal. The slide extends back in the hill from the canal to within 100 feet of the east diversion, which is a channel designed to keep streams out of the Culebra cut. The canal commission estimates that it will take one steam shovel, working steadily, at least a year to clear away the present movement of earth.

PROHIBITIONISTS MAY TRY NEW WAY

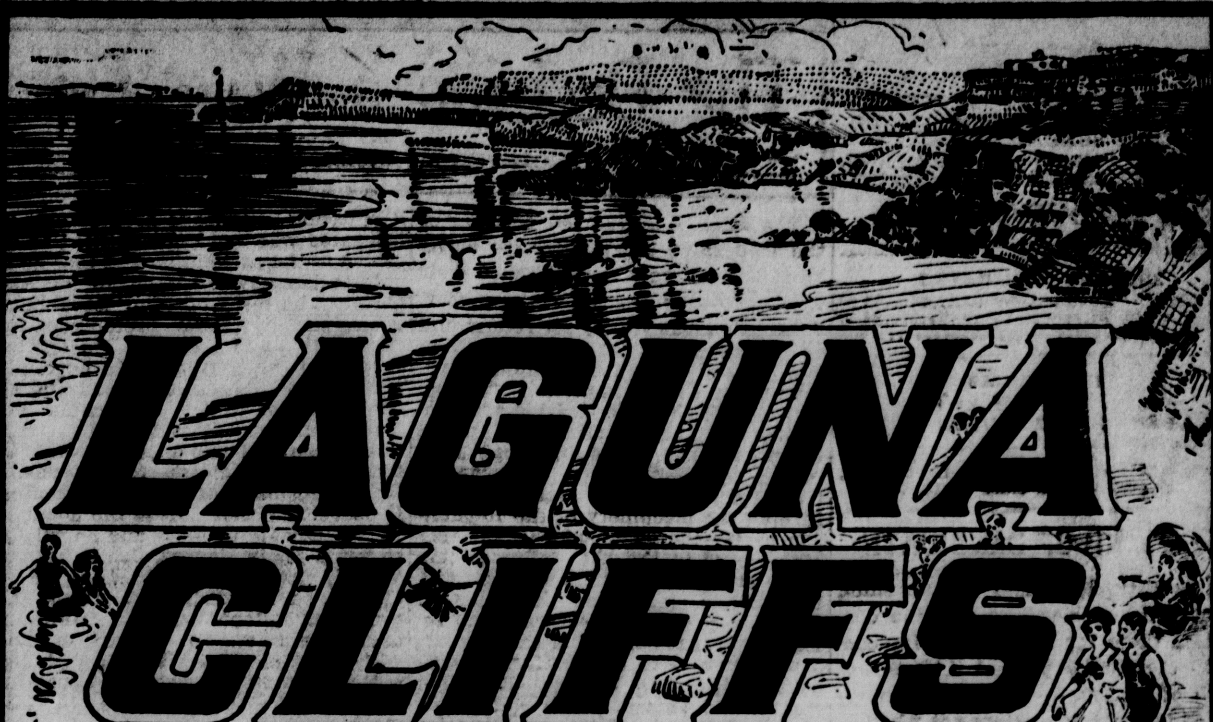

Finley C. Hendrickson Would Run For Presidency and Use Practical Politics

CONVENTION HALL, ATLANTIC CITY, N. J., July 10.—A presidential nomination boom, based on a new issue that would substitute practical politics for "church politics" in the prohibition movement, was started here last night on the eve of the prohibition national convention.

Finley C. Hendrickson of Cumberland, Md., was launched as a candidate for the presidential nomination by the Maryland delegation, which will appeal for his selection on a broad platform, especially urging that there be more earnest appeal for votes outside the churches and that less of the energy of the party be expended in "bowling for the church vote."

THE KIND OF CANDIDATE

It is little less than disheartening to note the clamor here and the contention there for a candidate for congress that will represent this or that town or section, or this or that industry or interest. It matters not whether it be Riverside or San Diego, Santa Ana or Imperial; whether it be a harbor or a fruit industry or what not. None of these places or things in themselves constitute a sufficient basis for a congressional candidacy to rest upon.

What is needed is a man big enough in mind and heart and soul to represent all places and all interests in the district, and to do so with due regard for the larger interests of state and nation. A man who would go to congress solely or even primarily as the representative of the San Diego harbor or of the citrus fruit industry or of the Imperial valley irrigation interests is not big enough for the job, and any newspaper that clamors for such a candidate thereby proves itself unworthy of the confidence of its readers.

There never was a time when the issues with which congress had to deal were more vital and fundamental than they are now and will be at the next session. Therefore candidates for congress ought to be selected with a view to qualities of broad statesmanship, ripe information, high culture. The problems that will confront the members of the next congress will be such as to try the souls of the best men in the nation, and certainly such a district as the Eleventh California ought to send a man as her representative of whom she need not be ashamed.

CONGRESSIONAL

Redlands Facts: San Diego seems to have settled down, as far as the Republicans are concerned, to promoting the candidacy of Lewis R. Kirby for the Republican nomination for congressman from this eleventh district. There were a number of candidates in the southern city, the strongest undoubtedly being John F. Sehon. But all have withdrawn, in the interest of harmony, save Mr. Kirby. It is understood, however, that W. F. Smythe, well known advocate of irrigation will make the race as an independent, and a Mr. Kettner will be the Democratic aspirant from San Diego county. It is plainly apparent that San Diego wants the plum, but will probably lose it through dividing her strength.

The only other candidate, so far as is known, is S. C. Evans, of Riverside. Mr. Evans has cast his fortunes with the Roosevelt faction of the party, though undoubtedly somewhat disturbed by the turn events have taken, and which render it not altogether pleasant for any man who has been a Republican all his life, to make the race. The question of the influence of a man in congress who makes the race outside the party, in pushing through legislation, particularly tariff legislation, is a matter for earnest consideration.

All in all the situation is pretty well mixed up, from every standpoint, and the life of the candidate this year is not one altogether pleasant.

On the political map of Progressives the biggest places in the country appear to be Lincoln, Neb., and Oyster Bay, L. I.

In the intervals between bashing flies everybody is swatting the convention system.

The Decision a Wise One

FROM THE RIVERSIDE PRESS

The Press believes the decision of the leaders of the progressive movement in California to continue their fight as Republicans is a wise one. Gov. Johnson's great victory for reform and good government two years ago was won first of all in the Republican primaries and the important reforms which have characterized his administration have been carried out through the progressive forces organized within the Republican party. To abandon that organization now would involve turning the machinery of the Republican party—the dominant party in this state—over to the old railroad machine crowd that is hungering and thirsting to get back into power. There is no hope for progress and reform with that bunch and there is not a whit more with the California Democracy led by William Randolph Hearst and Theodore Bell who championed the cause of the reactionaries in the Baltimore convention.

By the presentation of progressive candidates for the legislature at the Republican primaries in September, the Republicans of the state will have the issue squarely before them of endorsing these men and thus backing up the Johnson administration or of supporting the so-called Taft candidates who will be backed by the old machine.

If the progressives win in the Republican primaries, they will be in a position to name a set of electors at the Republican state convention who will be favorable to Roosevelt. This will cause a great howl from the Taft people and may invoke court proceedings, the Press, however, believes the logic of Gov. Johnson is correct on that point. He holds that Mr. Taft won the nomination in Chicago by the votes of delegates who were not entitled to be seated in the convention and that he is only technically the nominee of the party. The mass of the Republican voters showed their preference for Roosevelt and elected delegates enough to the convention to nominate him. Those delegates did convene after the steam roller convention adjourned and put Roosevelt in nomination as the real choice of the voters of the party as candidate for president. On a strict basis of equity and justice, Roosevelt and not Taft is the nominee of the Republican party and he will be so voted for in Kansas, South Dakota, West Virginia and other states where electors have already been named. The progressive Republicans in California are therefore simply falling in line with those of other states in claiming the right to make a fight for Roosevelt as the Republican candidate in this state.

In every assembly district in the state and in every senatorial district where candidates are to be nominated efforts should be made to bring out candidates for the Republican primaries who will stand for the progressive policies represented by Governor Johnson. If that issue is clearly presented to the people, the Press believes he will stand by him and by the people as loyally and fearlessly as did the one elected two years ago. Other issues besides the question of who shall be president are at stake in California; and in view of the splendid record made by the present administration, the people of the state cannot afford to imperil in any way the election of a reform legislature that will continue the good work begun two years ago.

The Democratic Ticket Neither Hot Nor Cold

BY L. H. KOEPSER.

"Because thou art neither cold nor hot, therefore I will vomit you out of my mouth."

Do you know where this passage is found?

Does it set forth an everlasting principle?

Everyone knows how a wishy-washy is regarded. A lukewarm person is in reality a pretender.

Most people accept the above quotation as given by our Common Worldwide Leader. Upon that proposition, it is not only MEN who hate inaction and ineffectiveness, but God also. He says that an out-and-out sinner is preferable to one with an angleworm-like spinal column.

In view of the fact that W. J. Bryan approves other scriptures which not demand that he and his followers take this one on an equal footing? Then the result of the two national conventions will look like this: "The Republicans deliberately 'stole' enough delegates to carry out a well-defined plan to overrun the will of a majority of Republican voters; the Democrats took poor exponents of both progressive and reactionary principles and effervesced like soda water.

The man of clear head and clear heart can see that, in the light of scripture, the acts at Chicago have the better of the transaction at Baltimore.

But neither convention deserves upholding, in fact both need "vomiting forth." Can "the negro change the color of his skin or the leopard rub out his spots?" Can "new wine (principles) be preserved in old bottles?" Never. Anything of value in life must have a new body in which to grow. The old parties, like over-ripe fruit, have the appearance of soundness, but within they are decayed. They are old bottles incapable of holding the new wine of Nationality and Progressiveness.

So "the dead bury their dead," but let people of life engage in living issues evolving toward better government for all people.

WHAT IT MEANS TO BE TRULY PROGRESSIVE OR A PROGRESSIVE

A. J. PILLSBURY IN CALIFORNIA OUTLOOK

Let us orient ourselves if we can and find where we belong. We are going ahead to build up this country, complete the Panama canal, build more railroads, open up and improve our waterways and induce prosperity in all ways that we may. Does that constitute being progressive? We are going to try to curb the criminal trusts, regulate Big Business to the end that injurious monopoly may be prevented. Are those who favor such policies entitled to enroll themselves among the Progressives?

We shall, without distinction with regard to party, foster education, establish technical training schools, put domestic science and art into our high schools and teach the elements of agriculture in our common schools. We shall go on with workmen's compensation legislation until every hurt man shall receive some help to keep him above the poverty line. Are those who favor all these good and necessary steps in advance entitled, from that reason alone, to be reckoned among Progressives?

I hold that anyone might sincerely profess all these "mere moralities" without being able to lay rightful claim to be termed a Progressive. One might favor all these things and still be a standpatter and be cast to outer darkness where, after the fifth of November next, there shall be wailing and gnashing of teeth. Because why?

I will proceed to explain.

The Only Simon Pure Progress There is but one form of progress in the world that is true progress and that is the progress of the race, not merely of a portion of it but of all of it, and of what value are canals and waterways, railroads and great productive industries, if they serve only to amass wealth in the hands of the few to be used for the further exploitation of the many? Progress consists in the rise of the common man and the Progressive is one who stands for a more direct and affirmative participation of the common man in the affairs of his government. Whoever stands for such participation, and for a rigid responsibility of public servants and party leaders to be led, is entitled to be enrolled among Progressives.

Per contra, whoever doubts the ability of The People to rule, whoever holds that The People should be content to select representatives and turn over the whole affair of government to those representatives, whoever regards the rule of The People as the rule of the mob, is a standpatter if not a reactionary. Whoever strives by artifices and steam roller methods to nullify the known will of The People, the better to serve some special, grasping client, is a traitor to the state and deserves to be politically outlawed, anathematized and

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weak and womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

N. B.—Write for Ladies' Advisory Dept., Cardui Medicine Co., Chattanooga, Tenn., for full instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

gles, to the entomologist when the bugs eat our fruit, etc., etc., etc., and we would always do that if it were not for hungry, inept politicians who want jobs where experts are needed. If we could be rid of the patronage-seeking job-chaser, we, The People, would soon employ experts where experts are needed, but we would not turn over the affairs of government to specialized experts. That would never do. As well might we turn it over to philosophers who reason irrefragably, but accomplish no thing of practical value.

The paramount fitnesses of The People for government themselves are two. One is that by the forming of millions of sense judgments in the common affairs of life, judging time, distance, size, weight, making means meet ends and ends meet means, we The People have developed, "evolved" if the term sounds more scientific, the priceless achievement of common sense, that "understanding" without which nothing, that wisdom which is different from learning and without which learning is of little value. In schools and colleges, universities and libraries, men may gather learning, but only in the hurly-burly of life, only in learning through doing, can they develop common sense, without which government would shipwreck while becalmed in mid-ocean.

The other pre-eminent fitness of The People to govern is that they can be trusted to govern for the common good of all. No special faction or element in the social whole can be trusted to do this. When the church governed it pliously took to itself the fattest lands and the softest snaps. When royalty governed it did it for its own glory, and when the first families governed aristocracy resolved itself into high-nosed, superiors and cringing, fawning multitudes. When plutocracy governed it divided society into opulent, igno-

ble, immoral, spendthrift splendor, about which untold millions have died and begged, all the rest was a voiceless depth of misery and hopelessness.

This, then, is the foundation of our faith in The People: that they have common sense and a definite purpose to prefer the good of all to the exaltation of any.

INTERMEDIATES HOSTS

Senior U.P.C.E.'s, Entertained With Sumptuous Dinner Given by Younger Set

Last evening the United Presbyterian Intermediates and Mrs. Will J. Lindsay, their leader, entertained the Christian Endeavorers with a four-course 7 o'clock dinner in the church dining room. The guests were received in the church parlor and at the dinner hour were invited to the dining room where they found the tables arranged in the form of a Greek cross, and beautifully decorated with ferns and Shasta daisies. About seventy sat down to the repast most elegantly and bountifully served. After the dinner Carson Smart at toastmaster, took charge and introduced Stewart Smith who gave a fine address of welcome to the Christian Endeavorers. Robert McGee replied on behalf of the C. E.'s in a very happy manner. Other toasts were responded to by Misses Elizabeth J. Smart and Wilma Andrews, John Henderson, Jr., and W. L. C. Samson.

A social program was then carried out which was participated in and enjoyed by everybody present. The entertainment ended with the rendering of several numbers on the pipe organ by Mr. C. Percival Garratt. Before the guests departed after the happy evening, the Christian Endeavorers unanimously expressed their appreciation of the evening's pleasure provided by enterprising Intermediates. They are proud of the younger set.

One feature of the evening was the rendering of several musical numbers by Miss Katherine Wolford and Mr. Chas. Kibel. A delightful lunch was served which rounded out a very pleasant and enjoyable evening.

ANNUAL PICNIC

Missionary Societies of M. E. Church South Indulged in Happy Picnic at Seaside

The ladies of the Home and Foreign Missionary Societies of the Methodist Episcopal Church South, held their annual picnic at East Newport Beach yesterday, sixty-four people joining in the outing. The picnicers mostly left here by early cars, others going by private conveyances to the seashore. A few of the picnicers were already at the beach, having gone on before the main picnic party started.

The day proved delightful. Blue skies, balmy ocean breezes, the lovely expanse of the smooth bay and the merry spirits of the excursionists proved a happy combination. The pavilion of the Los Angeles Yacht Club at East Newport was headquarters for the picnicers, and there the sumptuous picnic dinner was spread at noon.

Bathing in bay and surf, rowing and other seaside joys, kept everybody in lively spirits during the afternoon. The bowling alley proved an attractive place to many while others strolled along the splendid ocean front enjoying the play of the waves as they broke in foamy breakers on the sandy beach.

A short program was rendered in the pavilion, readings being given by Mrs. W. A. Moore and Miss Maude Williamson.

Guests of honor were Mrs. Brown and Mrs. Curry, wives of the well known evangelists; and Miss McCas-ters, governess in the two families.

Philathea Class Evening
The Misses Nancy and Carrie Elder were hostesses to the Philathea class of the First Presbyterian church at their home on Spurgeon street last evening, the occasion being a class rally.

Upon entering, each of the girls was given a booklet in the Philathea colors and much merry confusion ensued while they collected the autographs of the others present. After an interesting guessing contest, musical and vocal numbers by Miss Harding and the Misses Elder and readings by Miss Virginia Potts and Miss Adeline Hill were enjoyed.

The house was prettily decorated with flowers in the Philathea colors, blue and white.

At the close of the evening delicious refreshments were served by the hostesses, assisted by Miss Remsburg.

Besides the hostesses and class teacher, Mrs. J. G. Morrow, those present were:

Nell Marie Remsburg, Minnie Gardner, Minnie Sterns, Helen Johnson, Ruby Kinslow, Myrtle Reeves, Greta Rice, Jeffie Piles, Letta Wells, Nada Woodward, Lella Rittner, Frances Jones, Gertrude Potts, Frances Potts, Eva Osborn, Sadie Bowlsby, Dorothy Harding, Eugenia Henry, Luella Donaldson, Rena Stafford, Georgia Mahan, Helene McNeil, Carol Sturges, Virgil Potts, Florence Dole, Alice Wasser, Jo McCrory, Ora Grimes, Kate Kelly, Blanche Crowther, Jennie McDonnell, Mary Anderson, Abbie Strong, Carrie Piles, Marie Harding, Adeline Hill.

The hostess very hospitably closed the afternoon with the serving of dainty refreshments.

CHINO MINISTER IS CALLED TO ORANGE

ORANGE, July 10.—The Baptist church of this place has issued a call to Rev. W. H. Galbraith of Chino. The call has been accepted, and the new pastor will arrive here on August 1.

"The Musical Man"
Speaking last night at the banquet of the second annual convention of the California Music Teachers' Association at the Gamut Club-house, Miss Jennie Winston, responding to a toast, gave the following tribute to "The Musical Man."

"The day of the long-haired, wild-eyed musician has passed and in his place has come the careful, studious, business-man musician, who has as great influence in the affairs of city government and in the progress of the world as he has in his own field of art."

"It used to be that the man who devoted his life to music or made his living by music was regarded somewhat in the light of an odd character. He generally wore his hair down on his collar and appeared wild eyed, and people turned around and looked after him as he went down the street, and he generally fitted that same place in the curiosity of the public, usually occupied by the public buildings and other points of interest."

"That day has long past. The musician of today is generally a business man. You can't tell him from the progressive, active business men of the city. In fact he is just as progressive and active in the business affairs and great enterprises of the city as the man who devotes his life to such things. And yet he is just as great a musician as the long-haired man of the earlier days."

An Ideal Husband
"The musical man makes an ideal husband. He is sunny and happy and has a fine outlook on life and the tender sentiment of his music for all things human. It is a lamentable fact that the number of musical bachelors is very small."

PROHIBITION MEETING

At the Emmanuel Baptist Church, corner of Sixth and French, at 10 a. m., Friday, July 12, all of the County Central Committee and all others who are interested in Prohibition work are requested to be there as we wish to select candidates for offices for our party. Also a meeting of the Santa Ana Prohibition Club will be held there at 7:45 p. m. Everyone invited.

AMOS WRIGHT,
Chairman.
EDWARD CHAFFEE,
Secretary.

Y. M. C. A.

The importance to parents of finding the proper place to send their boys for their summer vacation cannot be over-estimated. The following editorial from an Eastern paper is equally applicable to the camp conducted by the Y. M. C. A. of Orange County from August 14 to 27, on Catalina Island:

An Editor's View of Camp
"What to do with the boy in the summer has been a long discussed question in the household. It has remained, however, for the Boys' Christian Association, in its admirably conducted camp, to answer the question in such a way as to allow no room for argument. Freedom from stringent rules, placed upon their honor, surrounded by a delightful environment, with the lake and the fields their playground and enjoying the companionship of high-minded men, who act as elder brothers, the boys who have had the privilege of spending a period at camp have had great assistance in character building; in fact, the campers are encouraged to take part in the physical work of the camp, but the splendid moral spirit permeating at all times, impresses the visitor more than all else. Realizing that a rare opportunity is afforded to start the boy right, the director and his assistants lose no opportunity in providing everything that is good and wholesome, and the efforts are appreciated by the recipients. A visit to the camp leaves but one impression, that the camp should be established as a permanent institution. That it gives an excellent training, hundreds of parents will bear ample testimony, for they know of the great help that has come to them in leading their boys along the path of righteousness and right way of living."

FLOAT FLAGS ON GROUNDS

City School Board to Put Up
Flag Poles—New Teacher
Elected Last Night

Flag poles are to be erected on the grounds of the high school and Roosevelt and McKinley schools, and flags are to be displayed regularly. This was the decision of the school board last night. City Superintendent Cranston was authorized to get bids for three flag poles, and to have them erected on the grounds. It was thought better to have the poles on the grounds rather than on the top of the school buildings.

Three new school teachers were elected last night. Dana King was elected to teach Spanish and French, Miss Paul having declined to accept the position. King was an honor student at Dartmouth College, is a graduate of San Diego Normal and studied at the University of Southern California for six months. Last year he taught Spanish and French in the San Diego Normal.

W. I. Stewart was elected to teach book-keeping in the Commercial High School. He graduated from Ferris Institute of Grand Rapids, Mich., and has had ten years' experience as a teacher.

Miss Nacla Hammond was chosen as an eighth grade teacher. She graduated from the Buffalo, N. Y., Normal School, and has had ten years' experience as a teacher.

Bids were received last night for furnishing the city schools with coal. Smiley & Smith secured the order for twenty tons of Utah coal, and Zerman Bros., for thirty tons of Black Diamond coal at \$10.15 per ton.

**MATTEAWAN HEAD
SAYS THAW MIGHT
KILL IF RELEASED**

WHITE PLAINS, N. Y., July 10.—Dr. Adolph Myer, one of Thaw's alienists on the stand, yesterday in the Thaw insanity proceedings denied that the manner in which Thaw killed White was a "typical paranoiac murder."

Under cross-examination by Mr. Jerome, Dr. Myer admitted he owes his present position in the faculty of Johns Hopkins University to relatives of Thaw.

Dr. John W. Russell, head of Matteawan asylum, said that Thaw, if he was released and allowed to go back to his old manner of living, might commit a murder.

**"WHITE SLAVE" EVIL
VITAL QUESTION
OF SANITATION**

CHICAGO, July 10.—"Neither segregation nor regulation will cure the white slave evil," said Dr. David Starr Jordan, president of the Leland Stanford, Jr., University, yesterday at a luncheon of the American Vigilance Association, at which Dr. Jordan, who is the head of the association, was guest of honor. "The question is no longer one of moral reform, but of sanitation," said Dr. Jordan, "for it has become a question affecting the whole foundation of civilization."

FRUITS OF DRUNKENNESS

Forty Dead, 60 Hurt in Fourth of July Lackawanna Wreck—Engineer Was Drunk

CORNING, N. Y., July 10.—A locomotive engineer got drunk on the Fourth of July. Forty persons were killed and sixty injured that day in the wreck on the Lackawanna. Charles Klaproth, a wholesale liquor dealer of Elmira, a life-long friend of William Schroeder, the engineer, was brought unwillingly to the inquest yesterday and said he met Schroeder, who was staggering toward his home. It was testified that at 3 a.m. on July 4, when Schroeder was summoned to make his run, he was roused only after considerable difficulty.

**AMERICAN GIRL TO

Rose Pitonoff Sails for England to Swim English Channel or Die in the Attempt

BOSTON, July 10.—"I'm going to swim the English Channel or die in the attempt. If I fail I shan't let them pull me into a boat. I'll just sink. I want to be the first woman to do it, so as to bring honors to the Stars and Stripes."

This was Rose Pitonoff's farewell to America as she sailed for England on the Franconia from East Boston yesterday. A big crowd of admirers gathered at the pier to give the sturdy young swimmer a send-off. Many came from New York and other cities. They brought gifts and flowers which filled the Pitonoff cabin.

To The Land Buyer

We have Potato, Alfalfa and Citrus Fruit Farms with cheap water in a gravity system which we can sell you as low as \$225.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Why buy land in an undeveloped section when you can buy for the same price or less where you are surrounded by all conveniences such as transportation, towns, schools, churches, etc., right in the heart of high class development land that has been producing and you can see what the production is.

We have opened a 640 acre subdivision just two hours from Los Angeles, one mile from Riverside electric line. The Ocean to Ocean Highway has been located along the line of our land. It is all level. Underground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

If you will let us show you this land you can see 640 acres of as fine potatoes now growing as you ever saw and we think you will be convinced that one year's crop will pay for the land. Then if you like, you can plant to oranges or lemons at your leisure, as it is surrounded by young citrus and bearing orchards as fine as any in California.

This land at the price we are offering it will sell quick. You can save money by dealing direct with the owners. J. F. Ballet and A. M. Jones, 505 Fay Bldg., Los Angeles, Cal. Home Phone A1311. Sunset Main 1195.

LOS ANGELES PRODUCE MARKET

There was a drop in beef prices and several varieties of lamb yesterday. The drop in beef is from 1/2 cent to 2 cents, according to the cut. Lamb was advanced about 1 cent in the brands that went down.

Eastern eggs were somewhat weak in the Los Angeles produce market owing to arrivals being a little larger than for the past several days, but this condition is not scheduled to prevail as the general tone of the market is exceptionally firm. Butter and cheese were steady at quotations.

Fruit and vegetable prices remained about the same as on Monday. There was a big market, with the supply about equaling the demand in almost everything. Changes were noted in cantaloupes which advanced to \$1.75 and \$2.10 for standard crates. No change was made in pony and Jumbo prices. Cantaloupe arrivals were heavy, being about twenty cars and Jumbo melons were the largest in number.

The slump in tomatoes the latter part of last week is about over. Shipments being reduced made a better healthy market yesterday and a better tone prevailed, with little waste stock on hand.

Corn was firm, advancing to \$1 a bushel. Cabbage and potatoes were plentiful and of good quality.

Deciduous fruit arrivals from the north were heavy, the leading fruits being peaches and plums. Only a few cherries were on hand. Berries were plentiful but the demand was not large. New apples declined 20 cents a tier box on the produce exchange to \$2.40. Cucumbers declined to 25 and 10 cents a box and Lima beans to 2 cents a pound.

Receipts of the leading produce staples were: Eggs, 874 cases; butter, 32,017 pounds; cheese, 843 pounds; potatoes, 81 sacks; beans, 75 sacks.

PERFORMANCE

A slightly exaggerated performance, but let it
stand for those Plus Qualities to be found in all
Diamond Edge Tools.

Those qualities that have to do with the "Class,"
with "Hang," with "Clean Chipping" and "Working
Ease" in the axe. Such qualities appeal to the man
who uses the axe because it means easier work,
better work, and more of it.

**GARAGE EMPLOYEE
IS BADLY BURNED**

Clarence Trendel, aged 16,
was badly burned yesterday
evening about 6 o'clock at the
garage of the Anaheim Motor
Car Co. at Anaheim. Trendel
sat down on a bench on which
there was some gasoline, and
some of his clothing was sat-
urated. He got up and stepped
upon a match, which set the
gasoline afire.
Trendel, all ablaze, ran from
the garage. Men from Weisel's
garage, saw him, ran to him,
threw him down and put out
the fire with blankets. Trendel
is frightfully injured.
Trendel worked for the
same garage that employed
Charles Patterson, the Colby
driver who was killed in a race
at Anaheim on the Fourth of
July.

**OCCIDENTAL HAS
COMMENCED ON HER
NEW BUILDINGS**

Los Angeles Examiner: Contracts
were let Monday for the immediate
erection of three Occidental College
buildings on the new college site in
Eagle Rock Valley, the cost of these
buildings to be a quarter of a million
dollars.
President John Willis Baer stated
the work would be begun immedi-
ately and the buildings would be ready
for occupancy by September, 1913.
Johnson Hall, Fowler Hall and
James Swan Hall will be the first
buildings erected. Johnson Hall will
be a hall of letters, Fowler Hall a hall
of science and James Swan Hall a
dormitory.
"This is the first actual building
work to be done on the new college.
These halls will be erected on the
Eagle Rock property where we have
ninety acres for college buildings and
campus," said President Baer.

**SAN FRANCISCO MAY
NOT HAVE USE OF
THE LIBERTY BELL**

PHILADELPHIA, July 10.—Opposi-
tion was heard in the city hall yester-
day to granting the request that the
liberty bell be placed on exhibition at
the Panama-Pacific Exposition in
San Francisco in 1915.
One of those opposed to it is the
chief of the bureau of city property,
which has charge of the bell. The
question of taking the bell out of the
city rests entirely with the City Coun-
cil.
A request to take the historic bell
to the Lewis and Clark Exposition at
Portland, Ore., a few years ago, was
refused.

**WOMAN THROWN TO
GROUND INJURED**

Orange News: Mrs. Christina
Wathling received painful injuries
yesterday when she was thrown from
her buggy in a collision with an auto-
mobile at the corner of Cambridge and
Chapman avenue.

The accident occurred as Mrs.
Wathling started to turn south on
Cambridge street, the machine start-
ing to pass her at the same instant.
R. W. Jones of El Modena was driv-
ing the auto and was traveling very
slowly. The car caught one wheel of
the buggy and swung the vehicle
around and Mrs. Wathling fell to the
ground. She sustained bruises to her
spine and shoulders.

Mrs. Wathling was taken to the
home of her son, C. Ruehle, in Orange
and will remain there until she can be
taken home. It is not yet apparent
how seriously she may be injured, as
her advanced years make recovery
more difficult.

Was Unconscious
Mr. Elwood Coate was slightly hurt
yesterday evening while working
with an obstinate automobile tire at
his home. Mr. Coate was attempting
to remove a rim from the wheel when
the tire which had not been relieved
of its air pressure, blew out. The rim
was thrown against Mr. Coate's chin
with sufficient force as to render him
unconscious for a few moments, but
caused no serious damage.

Marshal on Motorbike
The first victims of Marshal War-
ner's new motorcycle were fined yester-
day by Justice James Fullerton,
following their arrest Sunday for ex-
ceeding the speed limit in the city.
The marshal's speed discourager gar-
nered two offenders, George Fransen
and E. H. Smith of Tustin.
Fransen, who was riding a motor-
cycle, was fined \$5 and Smith, who
was driving his automobile faster than
necessary, drew a \$10 fine.

ment yesterday asking that public
